

# League organizing series of educational walks throughout basin

The League to Save Lake Tahoe is organizing a series of educational walk and talk tours throughout the Lake Tahoe Basin.

Each tour will highlight a particular area of interest and provide an opportunity to talk with League staff about the issues facing Lake Tahoe's clarity and ecological health.

**Heavenly Gondola:** South Lake Tahoe/Stateline, June 16

Topics: Environmental and fire management history, forest ecology.

**Blackwood Creek:** West Shore, June 30

Topics: Restoration project, wildlife habitat, wild flowers.

**Skunk Harbor:** East Shore, July 20

Topics: Forest restoration, cultural history, water quality.

**Taylor Creek:** South Lake Tahoe, July 28

Topics: Forest ecology, riparian habitat, Tahoe fishery.

**Third Creek:** Incline Village, Aug. 25

Topics: Stream restoration, forest/ecosystem restoration, water quality monitoring.

Registration is required and space is limited. RSVP to [events@keptahoeblue.org](mailto:events@keptahoeblue.org) or call (530) 541.5388.
