

Incline bike path funding goal met

The Tahoe Fund has met its goal of raising \$750,000 in private donations for a bike path from Incline Village to Sand Harbor State Park.

This private investment will trigger more than \$12 million from federal, state and local governments.

There are still opportunities to be a part of this effort before construction begins in May. All donations of \$100 or more will be featured on a donor wall at the trailhead. Engraved bear and trout shaped pavers are also available along the path for donations of \$2,500 and \$5,000.

Founded in 2010, the nonprofit Tahoe Fund is dedicated to raising private funds for projects that will improve lake clarity, enhance recreation and inspire environmental stewardship in the Lake Tahoe Basin.
