

Squaw cancels major competitive events

Snow conditions have forced the cancellation of two competitions as Squaw Valley in March.

The ski cross and snowboardcross World Cup scheduled for March 4-8 at Squaw Valley is off the calendar as is the U.S. Ski and Snowboard Association's Hole Shot NorAm and U.S. Revolution Tour ski cross and snowboardcross scheduled for March 9-13.

Even though the resort just received more than 2 feet of snow, the amount of snow needed to build the World Cup courses is significant, and the resort has chosen to allocate its resources to focus solely on the guest experience.
